Safety Instructions

When using electrical products, basic safety precautions should always be followed.

Children aged from 8 years and people with reduced physical, sensory or mental capabilities or lack of experience and knowledge can use this product, only if they have been given supervision or instruction concerning use of the product in a safe way and understand the hazards involved. Children should be supervised to ensure that they do not play with the product.

Unless they are older than 8 and supervised, children should not perform cleaning or user maintenance.

This product is not a toy.

This product contains no user serviceable parts. If the product and any of its accessories are malfunctioning or if it has been dropped or damaged, only a qualified electrician should carry out repairs. Improper repairs may place the user at risk of harm.

Keep the product and its USB cable out of reach of children.

Keep the product and its USB cable away from heat or sharp edges that could cause damage.

Keep the USB cable away from any parts of the product that may become hot during use.

Keep the product away from other heat emitting products.

Keep the product free from dust, lint etc.

Do not immerse the product or USB cable in water or any other liquid.

Do not operate the product with wet hands.

Do not operate the product if it has been exposed to water, moisture or any other liquid, to prevent against electric shock, explosion and/or injury to yourself and damage to the product.

Do not leave the product unattended whilst connected to another device.

Do not use the product if it has been dropped or damaged in any way.

Do not use the product for anything other than its intended use.

Do not use any accessories other than those supplied.

Do not use any power supply other than the cable supplied with the product. Incompatible power sources may damage the unit and place the user at risk of harm.

Do not cover this product.

Do not use this appliance outdoors.

Do not store the product in direct sunlight or in high humidity conditions.

Do not move the product whilst it is in use.

It is imperative to unplug the USB cable after the product has been used, before it is cleaned and whilst being repaired.

The product should be used on a stable surface.

This product is intended for domestic use only. It should not be used for commercial purposes.

Warning: Keep the unit away from flammable materials

Battery Safety

The battery unit should not be placed near excessive heat sources, such as fire.

The supply terminals are not to be short-circuited.

Exhausted batteries should be removed from the product to avoid leakage.

In the event of the battery leaking, do not allow any liquid to come into contact with the skin or eyes.

If contact has been made, wash the affected area with copious amounts of water and seek medical advice.

Keep batteries out of reach of children.

Avoid storing in direct sunlight.

Do not dispose of the battery unit in a fire.

Do not crush, puncture, dismantle or otherwise damage the battery.

Do not store above 60 °C.

Do not expose batteries to heat or fire as they may explode.

Do not subject the battery (batteries) to mechanical shock.

Do not dispose of the exhausted battery in your household waste.

To dispose of the exhausted battery, take it to your local recycling station. Contact your local government offices for further details.

This product is fitted with a 3.7 V 500 mAh rechargeable Li-ion battery.

3.7 V rechargeable Lithium-ion battery

Smart touch on/off control

Flexible neck

USB charging cable (included)

Description of Parts

Instructions for Use

Charging the Battery

The LED lamp is fitted with a 3.7 V 500 mAh Li-ion battery. It is recommended that the battery is charged fully before first use; this will take approximately 3 hours.

Connect the Aux. end of the USB charging cable into the Aux. input port on the back of the LED lamp and the other end to a compatible power source (5 V 1 A).

Once the LED lamp is fully charged, carefully disconnect both ends of the USB charging cable and store it safely for future use.

Using the LED Flamingo Lamp

STEP 1: Position the LED lamp onto a flat, stable surface, where it cannot be accidentally knocked over.

STEP 2: Adjust the angle of the LED lamp by carefully bending the flexible neck, until it is in the required position.

STEP 3: To turn on the LED lamp, press the smart touch on/off control.

STEP 4: Press and hold the smart touch on/off control to adjust the brightness of the LED lamp.

STEP 5: Turn off the LED lamp by pressing the smart touch control.

Care and Maintenance

Wipe the LED lamp with a soft, damp cloth and allow to dry thoroughly.

Do not immerse the LED lamp in water or any other liquid.

Never use harsh or abrasive cleaning solvents or scourers, as this could cause damage.

Do not:

Immerse the LED lamp in water or any other liquid.

Expose the LED lamp to liquid, moisture or humidity to avoid the unit's internal circuit being affected.

Use any abrasive cleaning solvents to clean the LED lamp as this can cause damage.

Expose the LED lamp to sharp objects, which may cause damage.

Expose the LED lamp to extremely high or low temperatures as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.

Drop the LED lamp as the internal circuit may become damaged. Attempt to disassemble the LED lamp as this may cause damage to the unit.

Dispose of the LED lamp in a fire, as it will result in an explosion.

Specifications

Product code: EH1759

Power: 1.5 W

Charging voltage: 5 V 1 A DC

Working voltage: 3.7 V

Rechargeable battery: 500 mAh Li-Ion
