Features

MDF wood

Small key fixing

Flat packed, ready for easy assembly

Description of Parts

1. Mantel top
2. Fascia
3. Left leg
4. Right leg

Instructions for Use

Advice Before Fitting

Please retain all of the packaging until all of the parts and the contents of the fixing pack have been checked and counted against the parts list (In the Box).

The fixing pack contains small items, which should be kept away from young children.

It is suggested that all of the fixing pack contents are placed into a container, to reduce the risk of losing any small pieces.

Installation Guide

The radiator cover is floor-standing but must be fixed to a wall for stability. Ensure that both the wall and floor that the radiator cover is to be fastened to are flat and even before installation.

It is recommended that two people carry out installation of the radiator cover, in order to avoid injury, damage to the property or the surround.

Assembling the Radiator Cover

STEP 1: Secure the left leg to the fascia using five of the cam dowels and five of the cam locks. Repeat for the right leg.

STEP 2: Attach the mantel top to the legs using four of the cam dowels and secure into position using four of the cam locks. Use five cam dowels and five cam locks for the medium radiator cover.

STEP 3: Secure a wall bracket to the left leg, at the rear of the radiator cover, using two of the 16 mm screws. Repeat for the right leg.

STEP 4: Position the radiator cover against the wall that it will be fastened to and using a pencil, mark the positions of the screw holes onto the wall.

STEP 5: Drill where the holes have been marked (D 35 mm x W 6 mm) and insert the wall plugs, ensuring that the edge is flush with the surface of the wall.

STEP 6: Fix the radiator cover into position using two of the 32 mm screws.

Care and Maintenance

Wipe the radiator cover with a soft, damp cloth and allow to dry thoroughly.

Do not use harsh or abrasive cleaning solvents or scourers, as they may damage the finish of the radiator cover.

Specifications

Dimensions:

Small: 902 x 200 x 898 mm

Medium: 1202 x 200 x 898 mm
